To  
The Addl. Secretary  
Department of WCD & SW  
Government of West Bengal  
Bikash Bhaban, Saltlake, Kolkata 91

Madam,

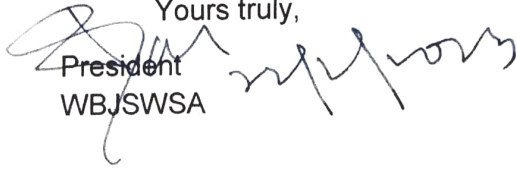

With due regards, we are to bring to your kind notice that for the last twelve years and more, a deliberation is going on for administrative reforms in our department. It is a well known fact that due to non availability of a constituted State Service our department faces various obstacles in implementing Social Welfare programs of its own. And furthermore, the officers who get appointments in the West Bengal Junior Social Welfare Service get a very minimum opportunity for promotion. When the department felt it necessary to reform its administrative structure, we as a responsible Association supported it, eyeing towards future prospects and possibilities. We believe that the department cannot accommodate all its employees within a single reform but we strongly believe the proposed reform will accommodate every single member of West Bengal Junior Social Welfare Service in the future. However the proposal has taken a shape after consultation with the Finance Department, Law Department and a committee headed by the Chief Secretary and any proposal of change or modification at this moment may only cause delay. We want every member of the West Bengal Junior Social Welfare Service to get benefit and therefore this reform may be the first step.

We, the members of West Bengal Junior Social Welfare Service as well as the members of West Bengal Junior Social Welfare Service Association want expansion of this proposed 'West Bengal Social Welfare Service' up to the project level but at this point of time we want approval of the Cabinet in its present form as early as possible with its decided nomenclature.

Thanking you,

Yours truly,

President  
WBJSWSA
